Final Statement Of Votes

CONSOLIDATED PRESIDENTIAL GENERAL ELECTION, NOVEMBER 5, 1996

This is the Final Statement of Votes cast for the November 5, 1996, Consolidated General Presidential Election. There are two lines for each precinct. The first line indicates the absentee votes and the second line indicates the polling place votes.

Each section begins with seven lines summarizing the absentee ballots not sorted into precincts:

Ballot Type 1 through Ballot Type 7.

These are the last of the absentee and all provisional ballots that were not sorted back into precincts.

This election had six mail-ballot precincts (i.e. precincts with no polling places - all voters were sent their ballots) - 2101, 3101, 3142, 3199, 3414, 3899.

An Excel 4.0 file of this report (sov1196.zip) can be downloaded from our web site at "ci.sf.ca.us/sfelections ". It needs to be "unzipped" after it has been downloaded.

There is one report correction. Polling place votes (lower line) for precinct 3204 apply to precinct 3207 and polling place votes for precinct 3207 apply to precinct 3204. The absentee votes for these two precincts are correct as is.

For additional information on downloading this file or any other election questions, please contact Paul Manfuso, Administrative Manager, at (415) 554-4375.

Thank you for your interest in our election. We hope this document is helpful to you. If you have any suggestions for improving our format for future elections, please let us know.
